Montessori guides amplify children's well-being and yet sometimes lose themselves in a cycle of caregiving and become depleted in spirit affecting their every practice. This full day seminar delivers the inspiration and tools necessary for every adult in the school community to recognize their effect, amplify their self-care, and promote a healthy and effective team. Attendees will create clear goals for themselves, acquire systems for their teams, and collaborate on building a healthy climate for their students.

Payment: Payment may be paid by check or cash the day of the workshop. Checks should be made payable to Creative Montessori School.

Lunch: Participants may bring a lunch. A list of nearby restaurants will also be provided.

Participants will receive six hours professional development certificates.
